### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: In claim 1, the claimed hard disk drive having outrigger leads mounted to the flexure completely outboard of the flexure legs, the outrigger leads locally heated during flexure leg forming to obtain a stable pitch static attitude, is neither taught nor suggested by the prior art of record. Stresses in the traces are eliminated during flexure leg forming to attain a stable pitch static attitude. The prior art of Takagi et al (US 6,594,115), Bennin et al (US 6,381,100) or Warmka et al (US 5,850,320) do not show or suggest the outriggers traces being stress free to attain the stable pitch static attitude by virtue of the heating of the leads as mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
